Dear Leonid Vasyliovych Hubersky!

Global Game Jam is happy to greet you on joining to the biggest worldwide IT and game development movement, which unites more than 40 000 people from over 100 countries worldwide.

We are sure that establishing GGJ location in Kiyv will be beneficial to Ukrainian IT and game development. We'd like to thank you and your team for all your efforts and support.

Ukrainian game development community is known for excellent products and we are looking forward to see more Ukrainian developers involved into the international game development events.

Sincerely,

Gorm Lai
